County

Creating Enviable Lives for People with  
Developmental Disabilities.

# Exploring Art

The Delaplaine Visual Arts Education Center provides art classes and education for adults with developmental disabilities in collaboration with The Arc of Frederick County.

The classes provide an appreciation of art, build confidence and self esteem. Much encouragement and positive support is provided as well as providing an opportunity for socialization and integration into the community.

For more information and details,  
call Ann at The Arc of Frederick County
