

Creating Enviable Lives for People with
Developmental Disabilities.

School Inclusion

A Partnership Between The Arc of Frederick County and Frederick County Public Schools

We offer creative solutions to help children with developmental disabilities be meaningfully included in all activities.

1. Discuss what a developmental disability is and how it can affect someone.
2. Promote the mindset that everyone should have the opportunity to be included in all aspects of their community.
3. Discussion about what is important in friendships.
4. Hands-on activities to help develop an understanding of what it might feel like to have a developmental disability.

For more information,
contact The Arc of Frederick County
