The Arc of Frederick County

*Advocacy, Resources and Connections
for People with Developmental Disabilities*

Founded in 1958, The Arc was built on the belief that people and their families must be involved in the planning and design of the services they receive. For 51 years we have continued to live by this creed.

Through our progressive support programs, we help children and adults with developmental disabilities obtain and master skills for independence and inclusion in our community. We seek creative solutions to help people with developmental disabilities and their families attain their goals.

Your involvement in our 18th Annual Golf Scramble helps us continue our important work. All proceeds directly benefit individuals and families in the Frederick County community.

Thank you for supporting The Arc. We hope you have a wonderful day on the course!

The Arc is a 501c (3) nonprofit organization funded through contributions, fundraisers, grants and The United Way.
