

Faith Community Inclusion

Are you involved with a Faith Community (Church, Synagogue, Mosque, Temple, or any other religious group)? Would you like to get involved? Have you ever experienced barriers to inclusion?

This seminar is going to go over what it means to be involved in a Faith Community as well as some of the barriers that people face when trying to get involved. We will have conversations to help individuals and their families discover any barriers to inclusion and identify ways to get involved. A panel discussion will be held. Snacks will be served.
