Oscar nominated film, LIFE, ANIMATED is the inspirational story of Owen Suskind, a young man who was unable to speak as a child until he and his family discovered a unique way to communicate by immersing themselves in the world of classic Disney animated films. This emotional coming-of-age story follows Owen as he graduates to adulthood and takes his first steps toward independence. The subject of his father Ron Suskind's New York Times bestseller, Owen was a thriving three year old who suddenly and inexplicably went silent – and for years after remained unable to connect with other people or to convey his thoughts, feelings or desires.

This film is rated PG.
